

ALEJANDRO'S ADVENTURES: DISCOVERING DINOSAURS

1. Alejandro had a wonderful time celebrating his birthday. What were some of the best parts of his special day?
2. Alejandro was very lucky to have a puppy. What makes dogs such special pets? Think about how the dog makes Alejandro feel and what the dog gives to him.
3. How do we know that Max and Alejandro were great friends?
4. What did Alejandro and Max find in the attic? What was special about this object?
5. The magical object took Max and Alejandro on an incredible journey. Based on the story, do you think they travelled to the past, present, or future? What clues make you think that?
6. Do you think Max and Alejandro had some big beefy bean burritos earlier that day? Why do you say this? How was this detail important to the story?
7. When Max was taken by the dinosaur, Alejandro knew he had to save him. What did Alejandro's father tell him about being a hero? How did Alejandro's actions make him a hero?
8. Alejandro and Max met many different dinosaurs in the story. Can you name two of them and describe what they looked like?
9. Alejandro was Max's hero. Thinking carefully about the meaning of the word hero, write down someone in your life that you consider a hero and tell us why.
10. Imagine you found a magical object that could take you to any place and time. Where would you go? Draw a picture of you and your hero on this adventure, including as many details as you can.
