

THE LONLEY PLASTIC BAG

1. In the story, why did the Lonely Plastic Bag feel lost and forgotten?
2. The Lonely Plastic Bag was once shiny and useful. What do you think it was used for?
3. What happened to the Lonely Plastic Bag when people stopped using it?
4. The story teaches us about protecting the environment. What does "environment" mean? If you're not sure, ask an adult to help you understand.
5. If a plastic bag ends up in the ocean, what do you think could happen to it and the sea creatures?
6. Instead of using plastic bags, what other things can we use to carry our groceries or toys?
7. Besides plastic bags, can you think of other plastic things we use every day? What could we use instead of those plastic items?
8. The book talks about recycling. What does "recycling" mean? If you need help, ask an adult to explain it to you. Why is recycling important?
9. The Lonely Plastic Bag teaches us about sustainability. That means taking care of our planet. Can you think of two ways you can help take care of the Earth?
10. Think about the beautiful world we live in, with all its plants, animals, and natural wonders. Draw a picture of your favourite part of nature and show how you would protect it from harm.
